

**Bloomington Public Transportation Corporation**  
**RFP: Mobile Ticketing Solution**  
**Amendment #3**

Issued by: Zac Huneck, Planning & Special Projects Manager  
Date Issued: 7/20/2020

**Questions**

The following are questions submitted by vendors, followed by responses by BPTC.

- 1. REGARDING THE PRICE SHEET: “What type of response are you looking for in the recurring/frequency column? If straight transaction based would ‘Yes’ and ‘per Transaction’ be an expected answer?”**

Yes, for a transaction-based commission rate model, ‘per transaction’ is sufficient in this field.

- 2. REGARDING NOTARIZATION: “Are these still required as a part of this RFP? If so, how should we proceed with the Indiana notary?”**

In light of current circumstances surrounding COVID-19, vendors may disregard requirements for notarization contained in the RFP. Through this amendment, BPTC waives these requirements for notarization.
